

Omics Approaches for Studying the Chemistry of Life

When: February 23th 2026 | 9 am - 1 pm

Where: Aula I Plesso di Farmacia - Parco Area delle Science 27/A

Dr. Tito Damiani

Senior research scientist - IOCB Prague

Prof. Renato Bruni

Head of Botanical Garden of Parma

[Register HERE](#)

Prof. Donato Grasso

Rector's Delegate for Museum Activities

Assist. Prof. Alessia Levante

Microbiology Unit - University of Parma

Prof. Pedro Mena Parreno

Human Nutrition Unit - University of Parma

mzmine for Mass Spectrometry Data Processing

Hands-on Workshop - 3 ETCS

When: February 24th 2026 | 9 am - 3 pm

Where: Aula I Plesso di Farmacia - Parco Area delle Science 27/A

[Register HERE](#)

Objectives

- Untargeted metabolomics LC-MS/MS data processing
- Feature detection, annotation, and molecular networking
- Integration with downstream analysis tools
