

Course for Ph.D. students

38th cycle (Nov 2022 – Oct 2025)

Determination of protein structure (1 ECTS)

Prof. Serena Faggiano
University of Parma

Course language: English

Scheduling: May 22th and 23th 2023, 09:00-12.00, aula G plesso Farmacia

To attend the course please contact:

Prof. Serena Faggiano (serena.faggiano@unipr.it)

Course description

The course will cover the basis of structural biology techniques (focusing on nuclear magnetic resonance and X-ray crystallography) applied to investigate protein structure and dynamics.

Note: cryo-EM will not be covered as Prof. Ben Luisi will address the topic in his extensive course.
