

Course for Ph.D. students

39th cycle (Nov 2023 – Oct 2026)

Determination of protein structure (1 ECTS)

Prof. Serena Faggiano
University of Parma

Course language: **English**

Approximative scheduling: **May 2024**

The exact date and time will be announced by e-mail and on the website in the page “Active courses” for each session.

To attend the course please contact:

Prof. Serena Faggiano (serena.faggiano@unipr.it)

Course description

The course will cover the basis of structural biology techniques (focusing on nuclear magnetic resonance and X-ray crystallography) applied to investigate protein structure and dynamics.
