

UNIVERSITÀ DEGLI STUDI DI PARMA

PhD Program on
Drugs, Biomolecules and Health Products

Prof. Zeliha Kerry

*Ege University, Faculty of Pharmacy
Izmir, Turkey*

from September 15th to 18th, 2015
at Dipartimento di Farmacia - Aula C
Campus Area delle Scienze

will present a short Course for PhD students about:

Atherosclerosis and Experimental Models of Atherosclerosis and Oxidative Stress

Lectures:

15.9.2015, 09:00 – 11:00

“Atherosclerosis”

16.9.2015, 09:00 – 11:00

“Experimental Models of Atherosclerosis –I: Different animals,
different models”

17.9.2015, 09:00 – 11:00

“Experimental Models of Atherosclerosis –II: Role of
matrixmetalloproteinases in the development of early
atherosclerotic models”

18.9.2015, 13:00 – 15:00

“Experimental Models of Oxidative Stress”

Prof. Marco Mor
