

Course for Ph.D. students

38th cycle (Nov 2022 – Oct 2025)

TITLE “Determination of protein structure”
(1 ECTS)

Prof. Serena Faggiano
University of Parma

Course language: English

Approximative scheduling: May 2023

The exact date and time will be announced by e-mail and on the website in the page “Active courses” for each session.

To attend the course please contact:

Prof. Serena Faggiano (serena.faggiano@unipr.it)

Course description

The course will cover the basis of structural biology techniques (X-ray crystallography, nuclear magnetic resonance, cryo-EM) applied to investigate protein structure and dynamics.
